## **New Deal Scrap Book the 3r's**

You will be creating a scrapbook based on various New Deal programs during the Great Depression. We will be using the iPads and the Keynote app to lay out our ideas. We have discussed some of these programs in class and you may use them.

**Don't spend time on transitions as I will be looking at this as a .pdf!**

Your job is to look at 9 different programs dealing with the New Deal showing examples of reform, recovery and relief. Label the pages with one of the three R's so I know what you are describing to me.

**3 – Examples  
of Reform**

**3 – Examples  
of Relief**

**3 – Examples  
of Recovery**

For each program you choose you must:

- define the program in your own words
- Who was the program supposed to help
- find at least 1 graphic (pictures, posters etc...) to support your program

Once done you will give at least 3 examples of New Deal programs in Wisconsin. There is a special web site to help you with this.

- program
- location
- picture

**COVER of KEYNOTE**

- Name
- Block
- Title

**Once your Keynote is finished you will need to e-mail it to me as a .pdf to be able to see your work.**
